

LETG Signs Public Safety Software Agreements with 13 New Agencies

Woodbury, MN – January 25, 2012

LETG is proud to announce that it has recently signed Public Safety Software agreements with the Pope County Sheriff's Office, Swift County Sheriff's Office, Sibley County Sheriff's Office as well as the Sauk Rapids Police Department, which will result in the addition of a total of 13 new Minnesota agencies.

The county sheriff's offices will implement LETG's full suite including CAD, Mobile, Mapping, Field Reporting, RMS and Jail, while the Sauk Rapids Police Department will implement LETG's RMS and Field Reporting modules.

"We are honored to work with these agencies and look forward to getting these systems live" said David Norris, Chief Operating Officer of LETG. "2011 was an exciting year for LETG and we are planning on a similarly robust 2012."

About LETG

Law Enforcement Technology Group, LLC (LETG) develops and integrates public safety software solutions that are used daily by over 150 Law Enforcement, Fire and EMS agencies to streamline operations and improve service. LETG was founded in 2002 and is based in Woodbury, MN. For more information, visit www.letg.com.
